Dear Sir,

In continuation of my letter No.P.C.153/50-51 dated 20th January 1951, I write to state that I have consulted the Local Bodies and Donors concerned.

There has been a virulent out break of small pox in Davanagere during the past three weeks and it is reported that there is also a prevalence of Measles and Chicken Pox on a wide scale. I consulted the President, City Municipal Council, Davanagere, Commissioner of the Municipality and one or two prominent Municipal Councillors and they are all of the opinion that it is not advisable to invite His Highness to Davanagere just now in view of this unfortunate deterioration in the public health of the city. I am also of the same opinion and would submit that the proposed visit to Davanagere City may be given up. I also think that even a visit to Harihar would not be very advisable in view of its closeness to Davanagere, the prevalence of some small pox there and in view of the fact that very large crowds would gather, if any functions are arranged in Harihar.

As regards Chitaldrug I met the Municipal President Sri. A.Bheemappa Naik today. As it is reported that there are two fresh attacks of Plague in Doddasiddavvanahalli, 3 miles from Chitaldrug, he considers that this is a matter of some concern and believes that in view of the uncertain public health, it is perhaps desirable to consider a postponement of the tour.

I have however submitted herewith a draft programme providing for a visit to the marginally noted places. I request that the decision regarding a tour in these taluks may kindly be -

Chitaldrug - Chellakere,
Hiriyur - Holalkere.

P.T.O.

- communicated to me immediately so that arrangements could be made well in time.

Dear Sir,

I write to intimate that during the interview I had with His Highness on 9-12-50 the marginally noted programme was provisionally fixed. I feel subsequent development have rendered the programme inconvenient both by His Highness and the Board. The Legislative Assembly is fixed for 17th January 1951 and His Highness will have to be busy about it. I and many of the members of the Board will have to be engaged themselves with the session of the Legislative Assembly.

12-1-1951	Laying of the foundation stone of the bridge across the river Cauvery at Chunchanakatte and distribution of prizes.
21-1-1951	Opening of Grama Vidyodaya Rural High School building at T. Narasipur.
26-1-1951	Laying of the foundation stone of the bridge across the river Cauvery at Bannur.
28-1-1951	Opening of the bridge across the river Kabini at Tumbasoge.

Under the circumstances, I feel that it is inevitable to have the programme fixed up somewhere during February 1951. I therefore request you to be so good as to submit to His Highness my desire to interview him again in connection with the fixture of the programme during February 1951. I shall be obliged if you will kindly arrange for an interview sometime within 8-1-1951.

Thanking you,

Yours sincerely,

Dear Sir,

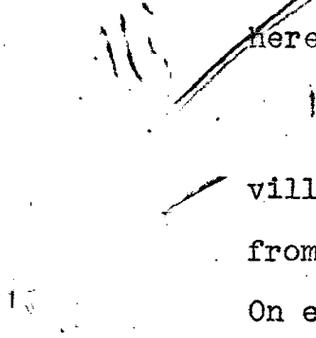
As desired in your letter No. 14992/C.B. dated 18th January, 1951, I am enclosing herein a draft itinerary for the Tour of His Highness the Maharaja in Mysore District during February, 1951.



There are five items included in the programme. Detailed notes regarding each one of them are enclosed herewith.

It was reported that Plague wasprevailing in the village of Saragur, which is about one and a half miles from the place fixed up for the Opening of this bridge. On enquiry from the District Health Officer, Mysore, I learnt that no fresh cases of attacks have been reported so far and that there are signs of the infection subsiding. A copy of his letter is enclosed. When I personally discussed the matter with him, he suggested that the infection in the area could be effectively brought under control and completely stopped before the Opening Ceremony of the bridge by DDT. Spray and there was no objection to the last item being fixed up on the 27th February, 1951.

The programme has been drawn up in consultation with the President, District Board, Mysore, the President, Town Municipal Council, Gundlupet and the President, Sri Vidyodaya Sangha High School, T.Narasipur, and they are all agreeable to the dates and time noted in the enclosed programme.

This draft itinerary was informally submitted to

to Hon'ble the Chief Minister, when he was at Mysore camp on the 21st instant.

Yours sincerely,

Sri K. SRINIVASAN, B.Sc.,
Chief Secretary to the Government of Mysore,
Bangalore.

I have the honour to state that infection of PLAGUE has been reported from Saragur Town and another nearby village 'Kulya'. In Saragur Town there have been so far 10 attacks with 5 deaths since 30-12-50. Uptil now 1443 A/P Inoculation have been conducted and cyno-fumigation work is under progress. However, there has not been any fresh attacks reported from 15-1-1951.
